PROJECT DESCRIPTION: 7020 Lanewood is a rental apartment building with 45 units (1-3 bedrooms).

Designer Tiffany Ashrafi tells us, "AVA SNSE was the best choice for this project because of the modern black and white colors that were available. Our project timing was tight so we appreciated the short lead time and quick shipment of the material without added cost. Customer service made me feel confident in my specification and I very much look forward to using AVA on future projects."
