

AVA® SNSE® PROJECT

HOSPITALITY: WATER STREET MISSION, LANCASTER, PA

APPLICATION AREA	Kitchen and Dining Hall
SPECIFIER	RLPS Architects
SNSE COLOR	Iron
QUANTITY	3,810 sf
INSTALLATION DATE	March 2016

PROJECT DESCRIPTION: Water Street is a non-profit mission in Lancaster, PA dedicated to serving the homeless. Since 1905, the mission has provided assistance and hope to thousands of individuals. Due to aging kitchen equipment and a need for plumbing, electrical, and structural renovations, the kitchen and dining area required an upgrade. The old tile was replaced with AVA SNSE Iron and the interior received updated finishes and furnishings, for a more appealing environment.
