

AVA[®] VRSE[™]

The multi-directional look of VRSE offers unique design and installation flexibility compared to your average linear patterns. While the typical linear pattern gets lost when tiles are installed in the same direction, the pattern within VRSE tiles gives two different looks to create striking designs that stand out and get noticed for Workplace/Corporate, Hospitality and Retail environments.

AVA[®] avaflor.com

With worldwide sales offices and distribution partners, AVA[®] is a leader in the design and manufacturing of innovative and sustainable resilient flooring. AVA[®] has developed a diverse range of designs and products that have won numerous awards and are recognized by the industry as setting the benchmark in LVT for a variety of markets.
