Lyric, Dolce, Crescendo

Harmony, Treble

Featuring seven new bold colors, the multi-directional look of 2VRSE[™] offers unique design and installation flexibility compared to your average linear patterns. The crosshatch design of the 2VRSE[™] pattern provides tone-on-tone shading and dimensional impact that most linear patterns cannot achieve. Now with more impactful colors, 2VRSE[™] creates striking designs that stand out and get noticed in Workplace/Corporate, Education, Hospitality and Retail environments.
